

Pre-Application Meetings: HIV/AIDS Clinical Trials Units (CTUs) Funding Opportunity

U.S. National Institute for Allergy and Infectious Diseases

Bethesda, Maryland March 7–8, 2005

3/7 — Grant-writing workshop
Natcher Auditorium (Building 45)
NIH Campus

3/8 — Pre-application meeting
Masur Auditorium (Building 10)
NIH Campus

Miami, Florida March 17–18, 2005

Spanish translation will be provided.

3/17 — Grant-writing workshop

3/18 — Pre-application meeting
Both days of the meeting will be held at:

Radisson Hotel Miami
1601 Biscayne Boulevard
Miami, FL 33132
(305) 374-0000

**Pre-Registration is
Strongly Suggested Prior
to Each Meeting.**

Two pre-application meetings will be held in the United States for representatives of institutions that would like to learn more about the Request for Applications (RFA) to establish Clinical Trials Units (CTUs) as part of the HIV/AIDS Clinical Trials Networks of the U.S. National Institutes of Health's Division of AIDS (NIH/DAIDS).

Domestic and international, public or private, for-profit or non-profit entities are eligible to respond to this solicitation, the second of two RFAs that will restructure NIAID's HIV/AIDS Clinical Trials Networks to better conduct and coordinate AIDS research. The first RFA, released in November 2004, will establish Leadership for the Clinical Trials Networks.

Potential CTU applicants are invited to attend one of two domestic pre-application meetings offered in March 2005. The first day of each meeting will consist of an NIH grant-writing workshop. The second day will feature an overview of CTU application requirements, procedures and the review process. Applicants may attend one or both days of the meeting.

Registration and Additional Information:

Information on registration, accommodations and meeting logistics (including arrangements for individuals with disabilities) is available at <http://www.blsmeetings.net/ctu>. Details on the Clinical Trials Networks restructuring and the full text of both RFAs is available at <http://www.niaid.nih.gov/daids/rfa/network06>.

Any questions about the CTU RFA should be directed to FY06CTURFA@niaid.nih.gov
